

APPEAL FOR SOME HELP

The sound system in our church has been replaced with a better system, and we hope you notice an improvement in quality. We're still working on enabling the sound to be fed directly into our streaming – at the moment we have to park a microphone next to a loudspeaker in a hit-and-miss way. We have new equipment for that, and are making progress on getting it to work properly, but need to purchase a new cordless microphone for the Resurrection Chapel, and some other equipment, and we also pay a substantial annual fee for using the Cinemaker app – this enables multiple cameras and other effects. One of the iPhones we use as a camera also needs replacement. We need to find about £2,000 to pay for these things – If you would like to help us, you can make a donation here: <https://cafdonate.cafonline.org/15217>. If you prefer to pay by cheque, it should be payable to "Community of the Resurrection" and gift-aided if possible.

With many thanks for your help, and for joining with us in seeking to turn our eyes to God.
