

We and our long-suffering viewers are having quite a hard time at the moment as our streaming has been thrown into great difficulties by a sudden unannounced update of the software we use. We are working hard to find a solution, but it will take a while. We're sorry we can't stream to our website page at the moment, but only on Youtube.

Over the next 3 weeks, when some key people are away, there may be some glitches as the rest of the team learn how to use the workaround we have found to the problems. Thank you for your patience.
